Small Business Bookkeeping Health Check *Are Your Books Actually Up to Date?*

Mesa Bookkeeping
Clean Books. Clear Numbers.

Many business owners don't realize their bookkeeping is behind - until it becomes a problem.

CHECKLIST

Accuracy & Organization

- Bank accounts are reconciled monthly
- Credit card transactions are categorized correctly
- Deposits match my actual sales
- All of my expenses are tracked consistently

Clarity & Readiness

- I review my Profit & Loss statement monthly
- The Books are fully up to date (within the last 30 days)
- The bookkeeping is organized and tax-ready

If you checked “**No**” to any of these, your bookkeeping may not be giving you a clear picture of your business.

This can lead to:

- Not knowing if your business is actually profitable
- Cash flow problems that catch you off guard
- Stress and scrambling during tax season

Here’s how we help you fix this:

- Get your books fully up to date
- Keep everything organized monthly
- Understand your numbers without confusion

Behind on Bookkeeping? Let’s fix that.
